Ground rules and regulations

Article 1: General

10) Any member or guest who uses conduct unbecoming a member of the club, causes injury, endangers others or commits any negligent act is subject to review by the Board of Directors. Their decision will be final.

Article 2: Ranges

21) Members and guests MUST ensure bullets impact the back berms. Any willful shot not impacting the berm is considered a negligent shot and subject to review per rule #10.

22) Shooting at rocks and bottles on the range is prohibited. Only aimed fire at proper targets is allowed.

Article 2: Ranges Section 2: Pistol

46) Members and guests MUST ensure bullets impact the back berms. Any willful shot not impacting the back berm is considered a negligent shot and subject to review per rule #10.

47) Targets shall be placed in fixed target racks. Any willful damage to the fixed target racks will be subject to review per rule #10.

48) All target frames must be of sufficient width to support standard targets. Target frames must be of sufficient height to have the bottom of the target at least 48 inches above the ground (see exception in #49). Do not lean target frames against the berms.

50) Targets must not be hung on any part of the fixed target racks.
